FLUORIDE, official journal of the International Society for Fluoride Research (ISFR), publishes quarterly reports on biological, chemical, ecological, industrial, toxicological and clinical aspects of inorganic and organic fluoride compounds. The International Standard Serial Number (ISSN) is 0015-4725.

**SUBSCRIPTION:** US$50 (or equivalent) per year in advance. Send to the Treasurer, ISFR, 81A Landscape Road, Mt Eden, Auckland 4, New Zealand.

**MANUSCRIPTS,** including papers presented at ISFR conferences, are accepted for publication after appropriate evaluation and recommendation by qualified reviewers. Send to Editor, Fluoride, 81A Landscape Road, Mt Eden, Auckland 4, New Zealand.

**COPIES** of articles in FLUORIDE are available from:
University Microfilms International, Box 91, Ann Arbor, MI 48106, USA.
Institute for Scientific Information, 3501 Market St., Philadelphia, PA 19104, USA.

**INSTRUCTIONS TO AUTHORS**

1. General. The submitted paper, with a copy, should be written concisely in English. Either American or British spelling is accepted. Measures should be in metric system. Double space with generous margins. A computer disk containing the text is much appreciated.

2. Title. A concise but informative title should be followed by the name(s) of the author(s). The address where the research was carried out should appear at the bottom of the first page.

4. Key words. List the major themes or subjects.

5. Introduction. State the reason for the work with a brief review of previous work on the subject.

6. Materials and Methods. Condense. However, if the methodology is new or developed by the author(s) it can be more detailed.

7. Results. List the direct conclusions of the work.

8. Discussion. Deal with general conclusions, referring to other work on the subject. In short papers Results and Discussion may be combined.

9. Abbreviations or Acronyms. Define, either in brackets or in footnotes, when they first appear.

10. Acknowledgements. Keep brief. They may include funding source, technical assistance, text editing and useful comments.

11. References. See current issues of journal for usual style, which identifies references by superscripted numbers in the order in which references first occur. Other styles may be accepted, provided they are accurate and consistent.

**MEMBERSHIP.** Researchers are invited to join ISFR. Applications for membership should be sent to the Secretary, Professor Gene W Miller, Biology Department, Utah State University, Logan, Utah 84322-5305, USA. Application forms are available from either the Secretary or Treasurer. The membership fee is US$40 a year, and includes subscription to the journal. This reduced subscription rate is also available, on application to the Treasurer, to individuals who support the Society's aims.
