Research reviews and discussion papers, with appropriate variations in format, may also be accepted.

INSTRUCTIONS TO AUTHORS

The submitted paper, with a copy, should be written concisely in English. Either American or British spelling is accepted. Measures should be in metric system. Double space with generous margins. A computer disk should accompany the paper *after* it has been accepted for publication. It should contain the text, charts, tables, graphics, *and* the editor's suggestions for revisions.

Title: A concise but informative title should be followed by name(s) of the author(s). The address where the research was carried out, and for correspondence, should appear at the bottom of the first page.

Summary: Begin with a brief factual summary.

Key words: List (in alphabetical order) the major themes or subjects.

Introduction: State the reason for the work with a brief review of previous work on the subject.

Materials and Methods: Condense. However, if the methodology is new or developed by the author(s) it can be more detailed.

Results: List the direct conclusions of the work.

Discussion: Deal with general conclusions, referring to other work on the subject. In short papers, Results and Discussion may be combined.

Abbreviations or Acronyms: Define, either in brackets or in footnotes, when they first appear.

Acknowledgments: Keep brief. They may include funding source, technical assistance, text editing and useful comments.

References: References are identified by superscripted numbers in the order in which they first appear in accordance with the uniform requirements for manuscripts submitted to biomedical journals. These are described in: International Committee of Medical Journal Editors. Uniform requirements for manuscripts submitted to biomedical journals [special report]. *N Engl J Med* 1997;336:309-15.

Membership: Researchers are invited to join ISFR. Applications for membership should be sent to the Secretary: Dr Gene W Miller, Box 725 Logan, UT 84321, USA. The membership fee is US \$40 a year, which includes subscription to the journal. This reduced subscription rate is also available, on application to the Treasurer, to individuals who support the Society's aims.
