

FLUORIDE

QUARTERLY JOURNAL

OF THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH

<http://www.fluoride-journal.com> Email: isfr@fluoride-journal.com

Managing Editor:

Dr Bruce Spittle

Dunedin, New Zealand

Editor:

Prof A W Burgstahler

Lawrence, Kansas, USA

Associate Editors:

Prof G W Miller Logan, Utah, USA

Dr J R Lee Sebastopol, California, USA

Prof Ming-Ho Yu Bellingham, Washington, USA

CONTENTS

GUEST EDITORIAL

Thirty-Five Years of *Fluoride* 213-227

CONFERENCE ANNOUNCEMENTS

XXVth Conference of the International Society for Fluoride Research . 228-229

Conference on Non-Linear Low-Dose Relationships 230

COMMENT ON EDITORIAL

Fluoride 35:143-147 230

RESEARCH REPORTS

Morphological effects of sodium fluoride on hematopoietic organs in mice

Anna Machalinska, Barbara Wiszniewska, Jolanta Tarasiuk,

Bogusław Machalinski. Szczecin, Poland 231-238

Urinary fluoride of schoolchildren in Gdańsk

W Czarnowski, J Krechniak. Gdańsk, Poland 239-243

XXVth ISFR CONFERENCE ABSTRACTS 244-263

ALUMINOFLUORIDE COMPLEXES

Fluoride and aluminum: messengers of false information

Strunecká A. 244

Interactions between guanosine diphosphate (GDP) and aluminum fluoride (AlF₃)

Machoy Z, Gutowska I, Straszko J, Machalinski B. 244-245

EFFECTS OF FLUORIDE ON BONE, COLLAGEN, AND CARTILAGE

Water fluoridation and bone damage: a weight of evidence analysis

Connett P. 245-246

Parathyroid hormone and osteosclerosis in endemic skeletal fluorosis Dote T, Yoshida Y, Hayashi S, Usuda K, Kawasaki T, Kono K.	246-247
A review and a recent study of the effects of fluoride on bone strength in the rat model Bohatyrewicz A.	247
Effects of sodium fluoride on bone metabolism and structural changes of the mandible in ovariectomized rats Gusta A, Wiechowska-Dobosz M, Weyna E, Bohatyrewicz A.	247-248
Osteofluorosis in rats Bély M.	248-249
FLUORIDE AND TEETH	
Fluoride and dental caries: systemic and topical effects Limeback H.	249
Serum and urine fluoride levels after topical dental fluoride application Łagocka R, Chlubek D, Buczkowska-Radlińska J, Machalinski B.	249-250
AMELIORATION OF FLUORIDE TOXICITY	
Beneficial effects of certain antidotes in mitigating fluoride and/or arsenic induced hepatotoxicity in mice Chinoy NJ, Nair SB.	250
Micronuclei and aneuploidy frequencies in human peripheral blood lymphocytes treated with sodium fluoride and arsenic trioxide Chinoy NJ, Jhala DD, Nair SB.	251
<i>Moringa oleifera</i> (radish tree) seed extract as an antidote for fluoride toxicity Stanley VA, Kumar T, Lal AAS, Pillai KS, Murthy PBK.	251-252
ENVIRONMENTAL FLUORIDE	
Fluoride and environmental protection Hirzy WJ, Carton RJ.	252
Urinary fluoride of school children in Gdańsk Krechniak J, Czarnowski W.	253
Fluoride adsorption chemistry and the defluoridation of contaminated natural waters Coetzee PP, Puka R.	253-254
Endemic fluorosis in Kaveripattinam and Dharmapuri, Dharmapuri district, South India Karthikeyan G, Shunmuga Sundarraj A.	254
Endemic fluorosis from brick-tea fluoride Cao J, Zhao Y, Liu J.	255
Organofluorine compounds in nature Patočka J, Strunecká A.	255-256

BIOLOGICAL EFFECTS OF FLUORIDE

- The influence of fluoride on human leukemic cell lines
Baskiewicz-Masiuk M, Sadowska B, Machalinska A,
Machoy Z, Machalinski B. 256-257
- Patterns of urinary fluoride excretion after consumption of space
food and Japanese menu food
Horiuchi T, Itai K, Nasu I, Tsunoda M, Usuda K, Kono K. 257
- Hemodialyzability of the bound and ionizable fractions of serum fluoride
Usuda K, Kono K, Dote T, Shimizu H, Yoshida Y,
Shimahara M, Horiuchi T. 258
- Fluoride levels in liver, kidney, and brain of mice after subacute oral
treatment with fluoride
Tsunoda M, Nakano K, Liu Y, Itai K, Tsunoda H. 258-259
- Early and prolonged toxic effects of silicofluoridated water on chinchillas,
caimans, alligators, and rats in captivity
Burgstahler AW, Freeman RF, Jacobs PN. 259-260

FLUORIDE ANALYSIS

- Fluoride measurement in small samples by semi-micro
automatic distillation
Mitsui G, Yoshida Y, Kono K, Dote T, Usuda K, Shimizu H,
Koizumi C, Nakase E, Shimahara M. 260-261
- Comparison of hydroxyapatite and fluoroapatite using time- of-flight
secondary ion mass spectrometry (TOF-SIMS)
Okazaki M, Hirata I, Matsumoto T, Takahashi J. 261
- Fluoride in drinking water of Bangladesh
Hoque Fazlul AKM, Khaliqzaman M, Hossain MD, Khan AH. 262
- Atherosclerotic fluorification
Mohamedally SM. 262

ETHICS OF FLUORIDATION

- The ethics of water fluoridation: a scientific-logical analysis
Diesendorf M. 263

INDEXES 2002

- Author Index 264-265
Subject Index..... 266-268

CUMULATIVE AUTHOR INDEX 1968-2002..... 269-302

Note: The Cumulative Subject Index 1968-2002 will be published separately
in 2003 as Part 2 of this issue of *Fluoride*.
