CONTENTS

EDITORIAL
Influence of fluoride and lead on children’s IQ: U.S. tolerance standards in question .......................................................... 79-81

CONFERENCE ANNOUNCEMENT
Fourth International Workshop on Fluorosis Prevention and
Defluoridation of Water ........................................................................ 82-83

CORRECTION .................................................................................. 83

RESEARCH REPORTS
Effect of fluoride in drinking water on children’s intelligence
Q Xiang, Y Liang, L Chen, C Wang, B Chen, X Chen,
M Zhou. Shanghai, P.R. China .......................................................... 84-94

Histopathological investigation of fluoride-induced neurotoxicity
in rabbits
A Shashi. Patiala, India .................................................................... 95-105

Environmental epidemic characteristics of coal-burning endemic
fluorosis and the safety threshold of coal fluoride in China
Yonghua Li, Wuyi Wang, Linsheng Yang, Hairong Li. Beijing, China ... 106-112

Serum fluoride and the content of adenine nucleotides and 2,3-bis-
phosphoglycerate in erythrocytes of rats exposed to sodium fluoride
Maria Suska, Robert Nowak, Boguslaw Machalinski. Szczecin, Poland ... 113-121

Removal of arsenic and fluoride from drinking water with cake
alum and a polymeric anionic flocculent
Manuel Piñón-Miramontes, Raúl G. Bautista-Margulis,
Antonino Pérez-Hernández. Chihuahua, México .............................. 122-128

ABSTRACTS

BIOCHEMICAL EFFECTS
The biochemistry and physiology of metallic fluoride: action,
mechanism, and implications
Li L.................................................................................................. 129
EFFECTS ON TEETH
Fluoride profiles in premolars after different durations of water fluoridation in Ho Chi Minh City, Vietnam
Thuy TT, Nakagaki H, Thanh Ha NT, Morita I, Tatematsu M, Anh Lan H, Hung HT, Robinson C ..............................................................129-130

Perception of dental fluorosis among adolescents living in urban areas of Ethiopia
Fantaye W, Anne A, Asgeir B, Melaku Z, Haymanot RT, Bjorvatn............... 130

The prevalence and severity of dental fluorosis among 12-year-old schoolchildren in Jordan
Hamdan MA........................................................................................................ 131

ETHICS
Fluoridation: a violation of medical ethics and human rights
Cross DW, Carton RJ ..................................................................................131-132

FLUORIDE MEASUREMENT
Rapid method for the determination of trace fluoride and activation of ion-selective electrode
Shi SX, Zhu ZG, Suo R, Wang C ................................................................. 132

HEALTH/BIOLOGICAL EFFECTS
Effects of menopause on bone mineral density in women with endemic fluorosis
Yildiz M, Oral B............................................................................................132-133

Respiratory symptoms and lung-function changes with exposure to five substances in aluminium smelters
Fritschi L, Sim MW, Forbes A, Abramson MW, Benke G, Musk AW, De Klerk NH ...............................................................................133-134

Toxic effect of fluoride on reproduction of female mice and development of their offspring
Chang Qing, Li Zicheng...................................................................................... 134

Fluoride-induced apoptosis in human epithelial lung cells (A549 cells): role of different G protein-linked signal systems
Refsnes M, Schwarze PE, Holme JA, Lag M ..................................................... 135

Occupational exposure to fluorinated hydrocarbons during refrigeration repair work

HEALTH/TOXIC EFFECTS IN ANIMALS
Effects of chronic fluorosis on electrocardiogram in sheep
Donmez N, Cinar A............................................................................................ 136

Toxic effect of fluoride-arsenic on the reproduction and development of rats

FLUORIDE is the official journal of the International Society for Fluoride Research (ISFR). The ISFR publishes quarterly scientific reports on biological, chemical, ecological, industrial, toxicological, and clinical aspects of inorganic and organic fluoride compounds. The International Standard Serial Number (ISSN) is 0015-4725.

SUBSCRIPTION for the year 2003 is payable in advance: US$40, UK£25, ¥4000, or Euro40, with a subscription agency discount of 12.5%. For subscribers in Australia and New Zealand only, A$40 and NZ$40, respectively with an increase in 2004 to A$45 and NZ$45. Send to ISFR Treasurer: Dr Bruce Spittle, 727 Brighton Road, Ocean View, Dunedin 9051, New Zealand.

Because of the difficulties experienced by some members and subscribers in transferring money due to high bank charges, we have arranged to receive payments also by Visa and Mastercard through PayPal, which enables money to be sent to anyone with an email address in a secure way. It is necessary to first register with PayPal at http://paypal.com/. The recipient email address to which the payment should be sent must be typed accurately and is spittle@es.co.nz

Complimentary copies are provided to abstracting services and where there is a statutory requirement. Donors wishing to fund gift subscriptions are invited to contact the ISFR Treasurer.

ONLINE ACCESS (http://www.fluoride-journal.com) is free of charge. However, to accommodate a more compact file size for the Internet, photos and charts are not available online, and reproduction of research papers onsite are low-resolution. A subscription to Fluoride is therefore encouraged.

COPIES of articles in Fluoride are available from:
University Microfilms International, Box 91, Ann Arbor, MI 48106, USA.
Institute for Scientific Information, 3501 Market St., Philadelphia, PA 19104, USA.
BIOSIS, c/- Advanced Information Consultants, Box 87127, Canton, MI 48187, USA.
The UnCover Company, 3801 E. Florida, Suite 200, Denver, CO 80210, USA.

Copies of articles and back copies of Fluoride may also be ordered directly through the Managing Editor, Dr Spittle (spittle@es.co.nz). For articles: US$2, or equivalent, per article for a scanned copy sent by email or US$5, including postage, for a posted photocopy; back copies: US$10, including postage, per single copy of an issue (or part) of Fluoride; and hard bound annual volumes containing the four issues for the year: US$100 (payable in advance for annual volumes). The 35-year Cumulative Author and Subject Indices 1968-2002 are contained in Vol 35:4:Part 1 and Vol 35:4:Part 2 respectively. Send payment as detailed in the subscription information.

MANUSCRIPTS, including papers presented at ISFR conferences, are accepted for publication after appropriate evaluation and recommendation by qualified reviewers. Send or (preferably) email manuscripts (as Word attachments) to Prof Emeritus AW Burgstahler, Editor, Fluoride, 1620 Massachusetts Street, Lawrence, KS 66044-4254, USA (E-mail: awburg@ku.edu). For detailed instructions for submitting papers, visit our website http://www.fluoride-journal.com/papers.htm or refer to Fluoride 2003:36:73-78.

The following instructions apply to original research reports. Research reviews and discussion papers, with appropriate variations in format, are also invited.

INSTRUCTIONS TO AUTHORS: The following is only a brief summary. For detailed instructions, see Guidelines for Authors in the February 2003 issue of Fluoride 36(1), pages 73-78. Two copies of an initial version of the manuscript typed according to these guidelines, double space throughout with wide margins, should be submitted (without a computer disc), or the manuscript may be sent by E-mail (as a Word attachment) to the Editor, Prof Emeritus Albert W Burgstahler, at the address given above.

MEMBERSHIP: Researchers and others interested in fluoride research are invited to join the ISFR. Applications for membership should be sent to the Secretary: Prof Emeritus Ming-Ho Yu, 215 Bayside RD, Bellingham, WA 98225-7700, USA. (E-mail: yuming_ho1928@hotmail.com). For the year 2003 the membership fee, which includes subscription to the journal, is the same as the subscription schedule above.
