FLUORIDE
QUARTERLY JOURNAL OF THE
INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH
http://www.fluoride-journal.com
fluoride@fluoride-journal.com

Editor: Prof Emeritus AW Burgstahler
Lawrence, Kansas, USA

Managing Editor: Dr Bruce Spittle
Dunedin, New Zealand

Associate Editors
Prof Emeritus Niloufer Chinoy, Ahmedabad, India
Prof Emeritus Lennart Krook, Ithaca, NY, USA
Prof Emeritus GW Miller, Logan, Utah, USA
Prof Emeritus Ming-Ho Yu, Bellingham, WA, USA
Prof Hardy Limeback, Toronto, Ontario, CAN
Dr JR Lee, Sebastopol, California, USA

CONTENTS

EDITORIAL REVIEW
Fluoride and oxidative stress
Dariusz Chlubek. Szczecin, Poland ........................................................... 217-228

ANNOUNCEMENTS
Fourth International Workshop on Fluorosis Prevention and DeFluoridation of Water................................................................. 229
E-mail address change for Fluoride ................................................................ 229
Apology for printing error ................................................................................. 229
Tragic loss of Dr John R Lee .......................................................................... 230

RESEARCH REPORTS
The influence of sodium fluoride and sodium hexafluorosilicate on human leukemic cell lines
Boguslaw Machalinski, Magdalena Baskiewicz-Masiuk,
Bogna Sadowska, Anna Machalinska, Mariola Marchlewicz,
Barbara Wiszniewska, Iwona Stecewicz. Szczecin, Poland ...................... 231-240

Fluoride and adrenal gland function in rabbits
A Shashi. Patiala, India ............................................................................. 241-251

Action of titanium tetrafluoride on occlusal human enamel in situ
Rodolfo de Almeida Lima Castro, Orlando Chevitarese,
Ivete Pomarico Ribeiro de Souza. Rio de Janeiro, Brazil 252-262

Fluoride content in soft tissues and urine of rats exposed to sodium fluoride in drinking water
I Inkielewicz, J Krechniak. Gdańsk, Poland.................................................. 263-266

Factors affecting the extraction of fluoride from tea: application to three tea samples
Şükrü Kalayci, Güler Somer. Ankara, Turkey ............................................. 267-270

REVIEWS
Are proponents of water fluoridation suppressing scientific evidence and debate?
Dr Mark Diesendorf. Australia ................................................................. 271-279

†Deceased October 17, 2003
US National Research Council Subcommittee on Fluoride in Drinking Water
Paul Connett. Canton, NY, USA ............................................................. 280-289

ABSTRACTS ............................................................................................. 290-303

BIOCHEMICAL EFFECTS

Selective decreases of nicotinic acetylcholine receptors in PC12 cells exposed to fluoride

Amiodarone attenuates fluoride-induced hyperkalemia in vitro

NaF induces early differentiation of murine bone marrow cells along the granulocytic pathway, but not the monocytic or pre-osteoclastic pathway, in vitro
Oguro A, Kawa T, Orikasa M ................................................................. 291-292

EFFECTS ON TEETH

Dental caries and fluorosis in low- and high-fluoride areas in Turkey
Ermis RB, Koray F, Akdeniz BG ............................................................... 292

Comment Hardy Limeback ....................................................................... 293

The prevalence of developmental enamel defects in permanent molars in a group of English school children
Zagdwan AM, Toumba KJ, Curzon ME ................................................... 293-294

The 2001 Kentucky Childrens Oral Health Survey: findings for children ages 24 to 59 months and their caregivers
Hardison JD, Cecil JC, White JA, Manz M, Mullins MR, Ferretti GA .......... 294-295

Association of salivary Streptococcus mutans with caries in young children: effect of dental health education on salivary levels
Kowash MB, Curzon ME, Hart P ............................................................. 295-296

FLUORIDE CONTROL

Fluoride and aluminium concentrations of tea plants and tea products from Sichuan Province, PR China
Shu WS, Zhang ZQ, Lan CY, Wong MH ................................................... 296-297

An improved method for defluoridation
Muthu GI, Vinodhini V, Padmapriya G, Sathiyanarayanan K, Sabumon PC ................................................................. 297

HEALTH/BIOLOGICAL EFFECTS

Antioxidant defense system and lipid peroxidation in patients with skeletal fluorosis and in fluoride-intoxicated rabbits

Fluoride-induced disruption of reproductive hormones in men
HEALTH/TOXIC EFFECTS IN ANIMALS
Lipid peroxidation and antioxidant systems in the blood of young rats subjected to chronic fluoride toxicity
  Shivarajashankara YM, Shivashankara AR, Bhat PG, Rao SH .................. 299-300
Fluoride toxicity to aquatic organisms: a review
  Camargo JA ...................................................................................................... 300
Loss of T-type calcium current in sensory neurons of rats with neuropathic pain
  McCallum JB, Kwok W-M, Mynlieff M, Bosnjak ZJ, Hogan QH ................. 300-301
Toxicity of aqueous and sediment-associated fluoride to freshwater organisms
  Metcalfe-Smith JL, Holtze KE, Sirota GR, Reid JJ, De Solla SR .......... 301-302
Effects of fluoride on Xenopus embryo development
  Goh EH, Neff AW ............................................................................................... 302

HEALTH/TOXIC EFFECTS IN PLANTS
Possible pathways of the negative influence of acid gases on plants
  Vasfilov, SP ...................................................................................................... 303

2003 INDEXES
Author Index ........................................................................................................... 304-306
Subject Index ........................................................................................................ 307-310
INTERNATIONAL SOCIETY for FLUORIDE RESEARCH
Officers and Editorial Board Members – 2003

President:
Professor Koichi Kono, Osaka Medical College, Osaka, Japan

Vice President:
Professor Emeritus NJ Chinoy, Gujarat University, Ahmedabad, India

Second Vice President:
Professor Jörg Spitz, Department of Nuclear Medicine, Wiesbaden, Germany

Secretary:
Professor Emeritus Ming-Ho Yu, Western Washington University, Bellingham, WA, USA

Treasurer:
Dr Bruce Spittle, University of Otago Medical School, Dunedin, New Zealand

Editorial Board:
Dr Miklos Bély, Hungarian Academy of Science, Budapest, Hungary
Prof Emeritus AW Burgstahler, University of Kansas, Lawrence, KS, USA
Prof Shouren Cao, Chinese Academy of Preventive Medicine, Beijing, China
Prof Masahiko Chikuma, Osaka University of Pharmaceutical Sciences, Osaka, Japan
Prof Emeritus NJ Chinoy, Gujarat University, Ahmedabad, India
Prof Edward Czerwinski, Jagiellonian University, Kraków, Poland
Dr Mark Diesendorf, Sustainability Centre, Box 521, Epping, NSW 1710, Australia
Dr Richard G Foulkes, Abbotsford, BC, Canada
Prof J Franke, Heinrich Mann Hospital, Bad Liebenstein, Germany
Prof Emeritus G Neil Jenkins, Newcastle-upon-Tyne, England, UK
Prof K Kono, Osaka Medical College, Osaka, Japan
Prof Jerzy Krechniak, Medical University, Gdańsk, Poland
Dr KAVR Krishnamachari, National Institute of Nutrition, Hyderabad, India
Prof Emeritus Lennart Krook, Cornell University, Ithaca, NY, USA
Dr John R Lee†, 9620 Bodega Hwy, Sebastopol, CA, USA
Prof Hardy Limeback, University of Toronto, Toronto, ON, Canada
Prof Emeritus C James Lovelace, Humbolt State University, Arcata, CA, USA
Dr Boguslaw Machalinski, Pomeranian Academy of Medicine, Szczecin, Poland.
Prof Emeritus Zygmunt Machoy, Pomeranian Medical Academy, Szczecin, Poland
Prof Emeritus Gene W Miller, Utah State University, Logan, UT, USA
Prof F Murray, Murdoch University, Murdoch, WA, Australia
Prof Masayuki Okazaki, Hiroshima University, Hiroshima, Japan.
Dr James C Pushnik, California State University, Chico, CA, USA
Dr BP Rajan, Madras Dental College, Madras, India
Dr Bruce Spittle, University of Otago Medical School, Dunedin, New Zealand
Prof Jörg Spitz, Dept. of Nuclear Medicine, Wiesbaden, Germany
Prof Anna Struneká, Charles University, Prague, Czech Republic
Prof Guifan Sun, China Medical University, Shenyang, China
Prof Emeritus AK Susheela, Fluorosis Res & Rural Develop Foundation, New Delhi, India
Prof Emeritus SPS Teotia, Institute of Higher Medical Sciences, Whitefield, India
Prof Emeritus H Tsunoda, Iwate Medical University, Morioka, Japan
Prof Emeritus Zan-Dao Wei, Guiyang Medical College, Guizhou, China
Prof Emeritus Y Yoshida, Osaka Medical College, Osaka, Japan
Prof Emeritus NBK Yoshitake, Shiga University of Medical Science, Otsu, Japan
Prof Emeritus Ming-Ho Yu, Western Washington University, Bellingham, WA, USA
FLUORIDE, ISSN 0015-4725, is published quarterly (provisionally in February, May, August, and November) by the International Society for Fluoride Research (ISFR) and contains scientific reports on analytical, biological, biochemical, biomedical, chemical, clinical, dental, ecological, environmental, epidemiological, industrial, and toxicological aspects of inorganic and organic fluorides.

ONLINE ACCESS (http://www.fluoride-journal.com) to the current table of contents and research report summaries are available free.

POSTAL METHODS USED: Fluoride is posted by Economy International Airmail to all countries (11-25 days for delivery) except Australia (International Air, 3-6 days) and New Zealand (Post, 2-3 days).

COMPLIMENTARY COPIES: Donors wishing to fund gift copies, which will be suitably inscribed, are invited to contact the Honorary Treasurer and Managing Editor, Dr Bruce Spittle (E-mail: spittle@es.co.nz); 727 Brighton Road, Ocean View, Dunedin 9051, NZ.

PAYMENT OPTIONS for the subscription to Fluoride or membership of the ISFR, which includes receiving Fluoride, are: bank transfer, cheque, cash, or PayPal. Bank transfers can be made to The Bank of New Zealand, New Lynn Branch, Cnr Todd and Totara Avenues, New Lynn, Auckland, NZ; www.bnz.co.nz; Phone 6409827-3065; Fax 64-09827-6806; Account name: International Society for Fluoride Research. Cheques should be made out to the same or to “ISFR”. Personal cheques, bank cheques or drafts, and cash may be posted to Dr Bruce Spittle at the address above. The following cannot be negotiated in NZ so please do not send Canadian or British Postal Notes, cheques drawn on Japanese banks, or cheques in US$ drawn on British banks in the United Kingdom. Personal or bank cheques in US$, GB£, Euro, Australian $, and NZ$ are usually satisfactory. PayPal allows payment by Visa or Mastercard directly to an email address in a secure way. It is necessary to first register with PayPal at http://paypal.com/. The recipient email address for the payment is spittle@es.co.nz.

COPIES OF ARTICLES AND PREVIOUS ISSUES OF FLUORIDE: Copies of articles and previous issues of Fluoride may be ordered directly through the Managing Editor. The rates are: photocopies of articles $5; previous issues $10 per single copy of an issue or part of Fluoride; hard bound annual volumes containing the four issues for the year $100. All prices are in US funds, or equivalent, including postage per article and are payable in advance for annual volumes.

Copies of articles are also available, at rates set by the supplier, from:
University Microfilms International, Box 91, Ann Arbor, MI 48106, USA.
Institute for Scientific Information, 3501 Market St., Philadelphia, PA 19104, USA.
BIOSIS, c/- Advanced Information Consultants, Box 87127, Canton, MI 48187, USA.
The UnCover Company, 3801 E. Florida, Suite 200, Denver, CO 80210, USA.

MANUSCRIPTS, including reports of original research, papers presented at ISFR conferences, research reviews, discussion papers, and letters to the Editor, are accepted for publication after appropriate evaluation and recommendation by qualified reviewers.

INSTRUCTIONS TO AUTHORS: The initial version of the manuscript, double-spaced throughout with wide margins, should be submitted, as a WORD attachment by E-mail, to Prof Emeritus AW Burgstahler, Editor, Fluoride, 1620 Massachusetts Street, Lawrence, KS 66044-4254, USA (E-mail: awburg@ku.edu). If submission is by post, please send two copies, without a computer disc. Detailed instructions for preparing papers are at http://www.fluoride-journal.com/ and in Fluoride 2003;36:73-8.

MEMBERSHIP: Researchers and others interested in fluoride research are invited to join the ISFR. Applications for membership, including name, address, city, state/province, postal code, country, phone, fax, and E-mail address, should be sent to the Secretary: Prof Emeritus Ming-Ho Yu, 215 Bayside Road, Bellingham, WA 98225-7700, USA (E-mail: yuming_ho1928@hotmail.com).
