THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH

The International Society for Fluoride Research was founded in 1966, at a meeting in Detroit of the American Society for Fluoride Research, to promote the sharing of scientific information on all aspects of inorganic and organic fluorides. This is done by the publication of a quarterly journal *Fluoride* and the hosting of international conferences. The first ISFR conference was held in Frankfurt, Germany in 1967. Conferences have also been held in Spain, Austria, the Netherlands, England, the United States of America, Switzerland, India, Japan, Hungary, China, Poland, and New Zealand. The next conference, the XXVIIIth, will be hosted by Associate Professor Hardy Limeback, Toronto, Canada, August 7–10, 2008 (See announcement in this issue, p. 207-13). The XXIXth conference will be hosted by Dr JD Sharma in Jaipur, India in 2010. *Fluoride* is an open access journal available free on the internet at <http://www.fluorideresearch.org>, .com, and .net, in full text without an embargo period. Subscription to *Fluoride* in hardcopy, membership in the ISFR (for fluoride researchers), and attendance at the conferences are welcomed.

The Society does not hold an official position on issues such as water fluoridation but encourages, through its conferences and the publication of papers, commentaries, and letters to the editor, a critical examination of the scientific basis of the views which are held by individuals and organizations.

MEMBERS OF THE ISFR ADVISORY BOARD 2006

President:

Professor Guifan Sun. China Medical University, Shenyang, People's Republic of China.

Vice President:

Assoc. Professor Jashwanti D Sharma. Dept. of Zoology, University of Rajasthan, Jaipur, India.

Co-Secretaries:

Professor Dariusz Chlubek. Pomeranian Medical University, Szczecin, Poland.

Associate Prof. Masashi Tsunoda. Kitasato University School of Medicine, Sagamihara, Japan.

Editor of *Fluoride*:

Professor Emeritus Albert W Burgstahler. University of Kansas, Lawrence, KS, USA.

Members at Large:

Asia

Professor Koichi Kono. Osaka Medical College, Osaka, Japan.

Professor Emeritus Humio Tsunoda. Iwate Medical University, Morioka, Japan.

Europe

Professor Miklós Bély. Hungarian Academy of Science, Budapest, Hungary.

Professor Jürgen Franke. Rehaklinik an der Salza, Bad Langensalza, Germany.

Professor Emeritus Zygmunt Machoy. Pomeranian Medical Academy, Szczecin, Poland.

Professor Jörg Spitz. Society for Medical Information and Prevention, Wiesbaden, Germany.

North America

Professor Emeritus Gene W Miller. Utah State University, Logan, UT, USA.

Treasurer and Managing Editor of *Fluoride*:

FLUORIDE QUARTERLY JOURNAL OF THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH

ISSN 0015-4725, is published four times a year (January–March, April–June, July–September, and October–December), and contains scientific reports on agricultural, analytical, biochemical, biological, chemical, clinical, dental, ecological, environmental, industrial, medical, metabolic, pharmacological, synergistic, toxicological, and veterinary aspects of inorganic and organic fluorides. Publication is usually made towards the end of each quarterly period rather than at the start of the period. The journal does not contain advertising.

COPYRIGHT. *Fluoride* is owned and published by the INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH © 2007. All rights reserved.

ONLINE ACCESS *Fluoride* is an open access journal available without an embargo period and with free full text at: www.fluorideresearch.org, www.fluorideresearch.com, and www.fluorideresearch.net. Further details are given below in the section on past issues. Articles in *Fluoride* can be searched for using the 35-year Cumulative Author and Subject Indexes on the website and the Chemical Abstracts search engine *SciFinder Scholar* (from Chemical Abstracts Service) and *Web of Science* (from Thomson Corporation for Science Citation Index), but not, at present, through *Index Medicus/PubMed*. Some articles may also be found with the Google search engine and with Google Scholar and Google Advanced Scholar at: <http://scholar.google.com>.

FLUORIDE IN HARD COPY for the years 2007 and 2008, is available for a fee, payable annually in advance, of: US\$51, Canadian\$63, £28, Japan¥5500, €42, Australian\$66, New Zealand\$72, with a discount of 10% for copies posted to a New Zealand address, which incurs a lower postal cost. No subscription agency discount is available.

Payment may be made in any of the currencies above. The rates for 2006, 2007, and 2008 have been kept at the same level as was set on 23 June 2005. No journals will be mailed until payment is received for the current subscription or membership period. Apply to Dr Spittle, Managing Editor *Fluoride*, 727 Brighton Road, Dunedin 9035, New Zealand. E-mail: spittle@es.co.nz. Please indicate if you would like the subscription to start with the calendar year or with a particular issue of the journal. Invoices are sent to subscribers with the last issue of each

year, apart from those whose copies are ordered through a subscription agency.

PAYMENT OPTIONS for subscription to *Fluoride*, and the purchase of back issues are: bank transfer, cheque, cash, or PayPal. Bank transfers can be made to The Bank of New Zealand, New Lynn Branch, 3029 Great North Road, New Lynn, Auckland, New Zealand; Swift BKNZ22; Website: www.bnz.co.nz; Fax 64 09 827 6806; Account name: International Society for Fluoride Research; Account number 02 0184 033239 000. Cheques should be made out to the same or to ISFR. Personal cheques, bank cheques or drafts, and cash may be posted to Dr Bruce Spittle, 727 Brighton Road, Ocean View, Dunedin 9035, New Zealand. Personal or bank cheques, and cash, in US\$, Canadian\$, £, €, Australian\$, and NZ\$ are fine. Cash as Japanese Yen is also fine. Please do not send Canadian or British Postal Notes, cheques drawn on Japanese banks, or cheques in US\$ drawn on British banks in the United Kingdom as they cannot be negotiated in New Zealand. PayPal allows payment by Visa or Mastercard directly to an E-mail address in a secure way. It is necessary to first register with PayPal at <http://paypal.com>. The recipient E-mail address for the payment is spittle@es.co.nz. Just giving the credit card number to the ISFR is insufficient.

COPIES OF ARTICLES AND PREVIOUS ISSUES OF FLUORIDE: Hard copies of all of the previous issues of *Fluoride*, including the 35-year cumulative indexes in *Fluoride* 2002;35(4-Parts 1 and 2), are usually kept in stock and may be ordered directly through the Managing Editor for US\$10 or equivalent per single copy of an issue or part of *Fluoride* including postage. Individual articles can also be downloaded, free in full text, from the ISFR websites at: www.fluorideresearch.org, www.fluorideresearch.com, and www.fluorideresearch.net, by clicking on the blue highlighted page numbers on the relevant Table of Contents for *Fluoride* 1969;2(1), 1969;2(3), 1969;2(4), and 1999;32(1) to the current issue. All the other issues from *Fluoride* 1968;1(1) have also been posted at the websites but are in the form of "disassembled issues." For these the issues were taken apart and adjacent pages were scanned so they consist of large files with the pages not in numerical order, but in the order used for printing, e.g. p. 1 next to p. 72, p. 2 next to p. 71, p. 3 next to p. 70. Because the files are large they are slow to download but if downloaded and printed out (doublesided) the original issue can be reassembled. Alternatively a hardcopy of the issue is available from the Managing Editor as above. Copies of articles are also available, at rates set by the supplier, from: University Microfilms International, Box 91, Ann Arbor, MI 48106, USA; Institute for Scientific Information, 3501 Market St., Philadelphia, PA 19104, USA; BIOSIS, c/- Advanced Information Consultants, Box 87127, Canton, MI 48187, USA; The UnCover Company, 3801 E. Florida, Suite 200, Denver, CO 80210, USA.

POSTAL METHODS USED: *Fluoride* is posted by Economy International Airmail to all countries (11-25 days for delivery) except Australia and India (International Air, 3-6 days and about a month, respectively), and New Zealand (Post, 2-3 days). Deliveries to India sometimes take longer and the table below is a guide about when to enquire about non delivery.

ENQUIRIES ABOUT NON-DELIVERY: To help minimize the time spent on administration, which is being given on a voluntary basis, enquiries about non-delivery should not be made until two months have passed since the end of the publication period to allow time for publication or delivery delays. The issues are normally published during the period covered by the issue, usually near the end of the period, and making enquiries about non-delivery before the times shown below delays the journal being published.

Issue No.	Period covered by issue	Month to wait for before enquiring about nondelivery
1	January-March	June
2	April-June	September
3	July-September	December
4	October-December	March

INSTRUCTIONS TO AUTHORS: Manuscripts, including reports of original research, papers presented at ISFR conferences, research reviews, discussion papers, and letters to the Editor, are accepted for publication after appropriate evaluation and recommendation by qualified reviewers. The initial version of the manuscript, double-spaced throughout with wide margins, should be submitted, as a Word attachment by E-mail, to Prof Emeritus AW Burgstahler, Editor, *Fluoride*, 1620 Massachusetts Street, Lawrence, KS 66044-4254, USA (E-mail: awburg@ku.edu). Do not send manuscripts to the Managing Editor. If submission is by post, please send two copies, without a computer disc. Detailed instructions for preparing papers are at www.fluorideresearch.org and in this issue, p. 75-84. These instructions should be followed meticulously to avoid publication delays.

The Editorial Officers of *Fluoride* strongly support the maintenance of the highest standards of animal care and the control of discomforts to animals in research. Authors must indicate whether their institutional and national guidelines for the care and use of laboratory animals were followed. When reporting experiments on human subjects, authors should indicate whether the procedures followed were in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1975, as revised in 2000 (World Medical Association Declaration of Helsinki: ethical principles for medical research involving human subjects. JAMA 2000 Dec 20;284(23):3043-5).

COMPLIMENTARY COPIES: Donors wishing to fund gift copies, which will be suitably inscribed, are invited to contact Dr Spittle.

MEMBERSHIP OF THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH. Membership in the ISFR is invited from *bona fide* fluoride researchers and others interested in fluoride research. Membership allows participating in the activities of the Society and voting at business meetings. No membership fee is payable. Application for membership may be made by letter to Dr Spittle, E-mail: spittle@es.co.nz, including name, postal address, E-mail address, and the area of fluoride research the applicant is involved in.

CO-SECRETARIES: Enquiries about ISFR membership, ISFR conferences and meetings, and other matters under their jurisdiction may be made to the co-secretaries:
