APOLOGY

We apologize to our readers for a delay in the previously announced publication of the In Memoriam for Rudolf Ziegelbecker, 1924-2009, that will contain additional details of his work and life. This tribute is now scheduled to appear in the next issue of Fluoride.
THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH INC.

The International Society for Fluoride Research was founded in 1966, at a meeting in Detroit of the American Society for Fluoride Research, to promote the sharing of scientific information on all aspects of inorganic and organic fluorides. This is done by the publication of a quarterly journal Fluoride and the hosting of international conferences. The first ISFR conference was held in Frankfurt, Germany in 1967. Conferences have also been held in Spain, Austria, the Netherlands, England, the United States of America, Switzerland, India, Japan, Hungary, China, Poland, New Zealand, and Canada. The XXIXth ISFR conference will be hosted by Associate Professor JD Sharma in Jaipur, India in 2010. Fluoride is an open access journal available free on the internet at http://www.fluorideresearch.org, .com, and .net, in full text without an embargo period. Subscription to Fluoride in hardcopy and attendance at the conferences are welcomed for all interested in fluoride research. Bona fide fluoride researchers are invited to apply for Membership in the ISFR.

The Society does not hold an official position on issues such as water fluoridation but encourages, through its conferences, and the publication of papers, commentaries, and letters to the editor, a critical examination of the scientific basis of the views which are held by individuals and organizations.
