GUIDELINES FOR AUTHORS

51–56........ SUBMITTING MANUSCRIPTS TO FLUORIDE. GUIDELINES FOR AUTHORS—REVISED JANUARY-MARCH 2011
The International Society for Fluoride Research was founded in 1966, at a meeting in Detroit of the American Society for Fluoride Research, to promote the sharing of scientific information on all aspects of inorganic and organic fluorides. This is done by publication of the peer-reviewed quarterly journal *Fluoride* and sponsoring international conferences. The first ISFR conference was held in Frankfurt, Germany in 1967 and subsequent conferences have been held in Spain, Austria, the Netherlands, England, the United States of America, Switzerland, India, Japan, Hungary, China, Poland, New Zealand, and Canada. The XXXth ISFR conference will be hosted by Professor Dariusz Chlubek in Szczecin, Poland, in 2012, the XXXIst conference is planned for Chiang Mai, Thailand in 2014 with Dr Sunsanee Rajchagool the host, and the XXXIIInd conference in 2016 is planned for Hyderabad, India, with Dr Arjun Khandare the host. *Fluoride* is an open access journal available free on the internet at http://www.fluorideresearch.org, .com, and .net, in full text without an embargo period. Subscription to *Fluoride* in hardcopy and attendance at the conferences are welcomed for all interested in fluoride research. Bona fide fluoride researchers are invited to apply for Membership in the ISFR.

The Society does not hold an official position on issues such as water fluoridation but encourages, through its conferences, and the publication of papers, commentaries, and letters to the editor, a critical examination of the scientific basis of the views which are held by individuals and organizations.
