Sanctuary of the Church of the Blessed Virgin Mary, Queen of the World, in Stargard Szczeciński, 40 km from Szczecin in Western Pomerania. The church was first written about in 1248 by Heinrich Wacholz, Bishop of Kamien Pomorski, after the Kamien bishops and the Pomeranian dukes had interchanged, earlier that year, Stargard and Kolberg. The Kamien bishops took charge of Stargard and the Pomeranian duke, Duke Barnim I, ruled in Stargard.

THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH INC.

The International Society for Fluoride Research was founded in 1966 at a meeting in Detroit of the American Society for Fluoride Research to promote the sharing of scientific information on all aspects of inorganic and organic fluorides. This is done by publication of the peer-reviewed quarterly journal *Fluoride* and sponsoring international conferences. The first ISFR conference was held in Frankfurt, Germany in 1967 and subsequent conferences have been held in Spain, Austria, the Netherlands, England, the United States of America, Switzerland, India, Japan, Hungary, China, Poland, New Zealand, and Canada.

The first announcement for the XXXth ISFR conference, to be hosted by Professor Dariusz Chlubek in Szczecin, Poland, on September 5–8, 2012, was published in *Fluoride* 2011;44(4):183-7. Further information is available on the conference website: <http://science24.com/event/isfr2012/>, in the second announcement in *Fluoride* 2012;45(1):5-6, and in the third announcement in *Fluoride* 2012;45(2):76-7. Approximately 120 attendees are expected. The XXXIst conference is planned for Chiang Mai, Thailand in 2014 with Dr Sunsanee Rajchagool the host, and the XXXIInd conference in 2016 is planned for Hyderabad, India, with Dr Arjun Khandare the host.

Fluoride is an open access journal available free on the internet at <http://www.fluorideresearch.org>, .com, and .net, in full text without an embargo period.

Subscription to *Fluoride* in hardcopy and attendance at the conferences are welcomed for all interested in fluoride research. *Bona fide* fluoride researchers are invited to apply for Membership in the ISFR.

The Society does not hold an official position on issues such as water fluoridation but encourages, through its conferences, and the publication of papers, commentaries, and letters to the editor, a critical examination of the scientific basis of the views which are held by individuals and organizations.
