## THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH INC.

The International Society for Fluoride Research was founded in 1966 at a meeting in Detroit of the American Society for Fluoride Research to promote the sharing of scientific information on all aspects of inorganic and organic fluorides. This is done by publication of the peer-reviewed quarterly journal *Fluoride* and sponsoring international conferences. The first ISFR conference was held in Frankfurt, Germany in 1967 and subsequent conferences have been held in Spain, Austria, the Netherlands, England, the United States of America, Switzerland, India, Japan, Hungary, China, Poland, New Zealand, and Canada.

The second announcement for the XXXIst ISFR conference, to be hosted by Assistant Professor Amir Mavhi in Tehran, Iran, on October 18–21, 2013, is published in this issue of *Fluoride* on pages 317–320. Further information is available on the conference website: [www.isfrc.ir](http://www.isfrc.ir). The XXXIInd conference is planned for Chiang Mai, Thailand, on November 25–28, 2014. The XXXIIIrd conference in 2016 is planned for Hyderabad, India, with Dr Arjun Khandare the host.

*Fluoride* is an open access journal available free on the internet at <http://www.fluorideresearch.org>, .com, and .net, in full text without an embargo period.

Subscription to *Fluoride* in hardcopy and attendance at the conferences are welcomed for all interested in fluoride research. *Bona fide* fluoride researchers are invited to apply for Membership in the ISFR.

The new editorial structure for *Fluoride* announced in the report of the XXXth ISFR conference, September 5–8, 2012, Szczecin, Poland, *Fluoride* 2012;45(3 Pt 2): 225–230, will be introduced with the next issue of *Fluoride*, 2013;46(1).

The Society does not hold an official position on issues such as water fluoridation but encourages, through its conferences, and the publication of papers, commentaries, and letters to the editor, a critical examination of the scientific basis of the views which are held by individuals and organizations.
