

THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH INC.

The International Society for Fluoride Research was founded in 1966 at a meeting in Detroit of the American Society for Fluoride Research to promote the sharing of scientific information on all aspects of inorganic and organic fluorides. This is done by publication of the peer-reviewed quarterly journal *Fluoride* and sponsoring international conferences. The first ISFR conference was held in Frankfurt am Main, Germany in 1967 and subsequent conferences have been held in Spain, Austria, the Netherlands, England, the United States of America, Switzerland, India, Japan, Hungary, China, Poland, New Zealand, Canada, Iran, and Thailand. The XXXIIIrd conference in November 2016 is planned for Hyderabad, India, with Dr Arjun Khandare the host. The XXXIVth conference will be held in the Peoples' Republic of China in 2018.

Fluoride is an open access journal available free on the internet at <http://www.fluorideresearch.org>, .com, and .net, in full text without an embargo period.

Subscription to *Fluoride* in hardcopy and attendance at the conferences are welcomed for all interested in fluoride research. *Bona fide* fluoride researchers are invited to apply for membership of the ISFR.

The new editorial structure for *Fluoride*, with Regional Editors, announced in the report of the XXXth ISFR conference, September 5–8, 2012, Szczecin, Poland, *Fluoride* 2012;45(3 Pt 2): 225-230, is described in *Fluoride* 2013;46(1):40-8.

The Society does not hold an official position on issues such as water fluoridation but encourages, through its conferences, and the publication of papers, commentaries, and letters to the editor, a critical examination of the scientific basis of the views which are held by individuals and organizations.

MEMBERS OF THE ISFR INC. ADVISORY BOARD 2015

President:

Dr Sunsanee Rajchagool. Faculty of Dentistry, Phayao University, Chiang Mai, Thailand.

First Vice President:

Dr Arjun Khandare. National Institute of Nutrition, Hyderabad, India.

Co-Secretaries:

Professor Dariusz Chlubek. Pomeranian Medical University, Szczecin, Poland.

Associate Professor Masashi Tsunoda. Kitasato University School of Medicine, Sagamihara, Japan.

Editor-in-Chief and Regional Editors:

as in Table of contents on page i

Members at Large:

Asia

Professor Koichi Kono. Osaka Medical College, Osaka, Japan.

Assistant Professor Amir Hossein Mahvi. Tehran University of Medical Science, Tehran, Iran

Professor Emeritus AK Susheela. Fluorosis Research & Rural Development Foundation, Delhi, India.

Professor Guifan Sun. China Medical University, Shenyang, China.

Professor Emeritus Humio Tsunoda. Iwate Medical University, Morioka, Japan.

Europe

Professor Miklós Bély. Hungarian Academy of Science, Budapest, Hungary.

Professor Jürgen Franke. Rehaklinik an der Salza, Bad Langensalza, Germany.

Professor Emeritus Zygmunt Machoy. Pomeranian Medical Academy, Szczecin, Poland.

Professor Jörg Spitz. Society for Medical Information and Prevention, Wiesbaden, Germany.

North America

Professor Emeritus Gene W Miller. Utah State University, Logan, UT, USA.

Treasurer of *Fluoride*:

Dr Bruce Spittle. Dunedin, New Zealand.

MEMBERS OF THE ISFR INC. EDITORIAL BOARD 2015

Editor-in-Chief, Regional Editors, Associate Editors, and Editorial Assistant:

as in Table of contents on page i

Editorial Board Members:

Dr Miklos Bély. Hungarian Academy of Science, Budapest, Hungary.

Dr Russell L Blaylock. Ridgeland, Mississippi, USA.

Associate Professor Andrzej Bohatyrewicz. Dept. of Orthopedics & Traumatology, Pomeranian Medical University, Szczecin, Poland.
Professor Masahiko Chikuma. Osaka University of Pharmaceutical Sciences, Osaka, Japan.
Professor Edward Czerwinski. Jagiellonian University, Kraków, Poland.
Dr Mark Diesendorf. Sustainability Centre, Box 521, Epping, NSW 1710, Australia.
Assistant Professor Sina Dobaradaran. Bushehr University of Medical Sciences, Bushehr, Iran
Professor J Franke. Rehaklinik an der Salza, Bad Langensalza, Germany.
Assistant Professor Toshitaka Horiuchi. Nihon University School of Dentistry at Matsudo, Japan.
Associate Professor Kazuyoshi Itai. Iwate Medical University, Morioka, Iwate, Japan.
Professor Koichi Kono. Osaka Medical College, Osaka, Japan.
Professor Jerzy Krechniak. Medical University, Gdańsk, Poland.
Professor Emeritus C James Lovelace. Humbolt State University, Arcata, CA, USA.
Dr Boguslaw Machaliński. Pomeranian Academy of Medicine, Szczecin, Poland.
Professor Emeritus Zygmunt Machoy. Pomeranian Medical Academy, Szczecin, Poland.
Professor Frank Murray. Murdoch University, Murdoch, WA, Australia.
Professor Masayuki Okazaki. Hiroshima University, Hiroshima, Japan.
Dr James C Pushnik. California State University, Chico, CA, USA.
Professor Masashi Shimahara. Osaka Medical College, Takatsuki City, Osaka, Japan.
Professor Jörg Spitz. Society for Medical Information and Prevention, Wiesbaden, Germany.
Professor Anna Strunecká. Charles University, Prague, Czech Republic.
Professor Guifan Sun. China Medical University, Shenyang, China.
Professor Satoshi Takizawa. Dept. of Urban Engineering, Graduate School of Engineering, University of Tokyo.
Professor Emeritus SPS Teotia. Institute of Higher Medical Sciences, Whitefield, India.
Professor Emeritus Humio Tsunoda. Iwate Medical University, Morioka, Japan.
Professor Jundong Wang. College of Animal Science & Veterinary Medicine, Shanxi Agricultural University, Taigu, Shanxi, PR China.
Professor Emeritus Zan-Dao Wei. Guiyang Medical College, Guizhou, China.
Professor Emeritus Y Yoshida. Osaka Medical College, Osaka, Japan.
Professor Emeritus NBK Yoshitake. Shiga University of Medical Science, Otsu, Japan.
Professor Boasham Zheng. Institute of Geochemistry, Chinese Academy of Sciences, Guiyang, Guizhou, PR China.

FLUORIDE QUARTERLY JOURNAL OF THE INTERNATIONAL SOCIETY FOR FLUORIDE RESEARCH INC.

Fluoride, Quarterly Journal of the International Society for Fluoride Research Inc., is published four times a year (January–March, April–June, July–September, and October–December), in both print (ISSN 0015-4725) and online (ISSN 2253-4083) and contains peer-reviewed scientific reports on agricultural, analytical, biochemical, biological, chemical, clinical, dental, ecological, environmental, industrial, medical, metabolic, pharmacological, synergistic, toxicological, and veterinary aspects of inorganic and organic fluorides. The journal does not contain advertising.

Copyright. *Fluoride* is owned and published by the International Society for Fluoride Research. © 2015. All rights reserved.

Online access: *Fluoride* is an open access journal available without an embargo period and with free full text at: www.fluorideresearch.org, www.fluorideresearch.com, and www.fluorideresearch.net. Further details are given below in the section on past issues. Articles in *Fluoride* can be searched for using the Google custom search on the website by inserting, in the white box, appropriate key words such as author names, subject key words, and dates, and clicking on the search box. The results can be cleared by clicking on the × to the right of the search box. The search engine covers all articles on the website including the 35-year Cumulative Author and Subject Indexes and subsequent annual indexes. *Fluoride* is covered by the search engine *SciFinder Scholar* (from Chemical Abstracts Service) and *Web of Science* (from Thomson Corporation for Science Citation Index), but not, at present, through *MEDLINE/PubMed*.

Citation factors: The SCImago journal and country rankings for *Fluoride* were: SJR Indicator (2013) 0.320, H index 28, total documents (2013) 34, total documents (3 yr) 116, total references 866, total cites (3 yr) 113, self cites (3 yr) 40, citable documents (3 yr) 106, cites per document: 4 yr 1.23, 3 yr 1.07, 2 yr 1.25, references per document 25.47, cited documents 54, uncited documents 62, and % international collaboration 5.88. [SCImago. (2007). SJR — SCImago Journal & Country Rank. Retrieved March 9, 2014 from <http://>

www.scimagojr.com]. The Thomson Reuters Impact Factor for *Fluoride* for 2010 was 1 (total articles 30, total cites 624), for 2011 it was 0.824 (total articles 32, total cites 710), for 2012 it was 0.758 (total articles 29, total cites 705), and for 2013 it was 0.931 (total articles 25, total cites 801)[Retrieved March 9, 2015 from <http://www.bioxbio.com/if/html/FLUORIDE.html>.]

Subscription to Fluoride in hard copy for 2015 for US\$68, Canadian\$73, £40, Japan¥7000, €50, Australian\$73, or New Zealand\$78, with a discount of NZ\$5 for copies posted to a New Zealand address, which incurs a lower postal cost. No subscription agency discount is available. Payment may be made in any of the currencies above. No journals will be mailed until payment is received for the current subscription or membership period. Apply to Dr Spittle, Managing Editor *Fluoride*, 727 Brighton Road, Dunedin 9035, New Zealand. E-mail: spittle@es.co.nz. Invoices are sent to subscribers with the last issue of each year, apart from those whose copies are ordered through a subscription agency.

Payment options for subscription to *Fluoride*, and the purchase of back issues are: bank transfer, cheque, cash, or PayPal. Bank transfers can be made to The Bank of New Zealand, New Lynn Branch, 3029 Great North Road, New Lynn, Auckland, New Zealand; Swift BKNZNZ22; Website: www.bnz.co.nz; Fax 64 09 827 6806; Account name:

International Society for Fluoride Research; Account number 02 0184 0333239 000. Cheques should be made out to the same or to ISFR. Personal cheques, bank cheques or drafts, and cash may be posted to Dr Bruce Spittle, 727 Brighton Road, Ocean View, Dunedin 9035, New Zealand. Personal or bank cheques, and cash, in US\$, Canadian\$, £, € Australian\$, and NZ\$ are fine provided the cheques have the account information written as a Magnetic Character Recognition Line (MCRL) at the bottom of the cheque. The technology is implemented by printing special block-like characters, 10 digits and four special symbols, in magnetic ink, which may be read automatically by machine and enables speedy checks processing. If there is no MCRL information, the cost of processing the cheque is prohibitive and cheques without MCRL are not acceptable. Cash as Japanese Yen is also fine. Please do not send Canadian or British Postal Notes, cheques drawn on Japanese banks, or cheques in US\$ drawn on British banks in the United Kingdom as they cannot be negotiated in New Zealand. PayPal allows payment by Visa or Mastercard directly to an E-mail address in a secure way. It is necessary to first register with PayPal at <http://paypal.com>. The recipient E-mail address for the payment is spittle@es.co.nz. Just giving the credit card number to the ISFR is not sufficient.

⑈020184⑈ 0333239⑈00 ⑈ 50

An example of a Magnetic Character Recognition Line (MCRL) which is required for cheques to be acceptable for depositing in New Zealand without incurring prohibitive bank fees.

Copies of articles and previous issues of Fluoride: Hard copies of most of the previous issues of *Fluoride*, including the 35-year cumulative indexes in *Fluoride* 2002;35(4-Parts 1 and 2), are in stock and may be ordered directly through the Managing Editor for US\$12.50 or equivalent per single copy of an issue or part of *Fluoride* including postage. Individual articles can also be downloaded, free in full text, from the ISFR websites at: www.fluorideresearch.org, www.fluorideresearch.com, and www.fluorideresearch.net. Hard copies of the First and Second International Workshops on Fluorosis Prevention and Defluoridation of Water in Tanzania, 1995, and Ethiopia, 1997, are also available for US\$12 and US\$15 respectively including postage. Further details of these publications are in *Fluoride* 2002;35(3):150-2. The proceedings of the first, second, third, and fourth International Workshops on Fluorosis Prevention and Defluoridation of Water are available as free downloads from: <http://www.defluoride.net/>

Instructions to authors are given in this issue of *Fluoride* on page 90. Manuscripts, including reports of original research, papers presented at ISFR conferences, research reviews, discussion papers, and letters to the editor, are accepted for publication after appropriate evaluation and recommendation by qualified reviewers. The initial version of the manuscript, double-spaced throughout with wide margins, should be submitted, as a Word attachment by E-mail, to the relevant Regional Editor or, when a Regional Editor has still be to appointed for the countries of residence of the authors, to the Editor-in-Chief. The E-mail addresses for these editors are given in the masthead of the Table of Contents on page i. Detailed instructions for preparing papers are at

www.fluorideresearch.org and in *Fluoride* 2013;46(1):40-8. These instructions should be followed meticulously to avoid publication delays.

The Editorial Officers of *Fluoride* strongly support the maintenance of the highest standards of animal care and the control of discomforts to animals in research. Authors must indicate whether their institutional and national guidelines for the care and use of laboratory animals were followed. When reporting experiments on human subjects, authors should indicate whether the procedures followed were in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1964, as revised in 2013, available from <http://www.wma.net/en/30publications/10policies/b3/index.html>. *Fluoride* follows the recommendations of the International Committee of Medical Journal Editors (ICMJE), and their *Recommendations for the conduct, reporting, editing, and publication of scholarly work in medical journals*, updated December 2013, and the *ICMJE form for disclosure of potential conflicts of interest* are available from: www.icmje.org. The recommendations describe author responsibilities for conflicts of interest, human and animal rights, informed consent, and ethical policies. The ICMJE conflict of interest disclosure form should be downloaded, completed electronically by each author, and then submitted to *Fluoride* with the manuscript. Authors should state if the ICMJE recommendations have been followed.

For observational studies in epidemiology, authors might consider using the guidelines in the STROBE statement. von Elm E, Altman DG, Egger M, Pocock SJ, Gøtsche PC, Vandenbroucke JP. The strengthening of reporting of observational studies in epidemiology (STROBE) statement: guidelines for reporting observational studies. *Epidemiology* 2007;18(6):800-4. Available from: <http://journals.lww.com/epidem/pages/articleviewer.aspx?year=2007&issue=11000&article=00027&type=abstract>

The Editorial Officers of *Fluoride* recommend that authors study the information for authors on ethical responsibilities and scientific misconduct published by Elsevier and available at www.elsevier.com/ethics. The material covers the areas of duplicate submission, research fraud including fabrication (making up research data) and falsification (manipulation of existing research data, tables, or images), plagiarism (passing off another's work or idea as your own), authorship disputes (deliberately misrepresenting a scientist's relationship to their work on a published paper), conflict of interest (nondisclosure to the publication that you have a direct or indirect conflict that prevents you from being unbiased in your paper), salami slicing (the "slicing" of research that would form one meaningful paper into several different papers), and the improper use of humans or animals in research including absent or inadequate informed consent of human subjects, or maltreatment of laboratory animals, with articles available in English, Spanish, Chinese, and Japanese.

Complimentary copies: Donors wishing to fund gift copies, which will be suitably inscribed, are invited to contact Dr Spittle.

Membership of the International Society for Fluoride Research Inc.: Membership in the ISFR Inc. is invited from *bona fide* fluoride researchers. Membership allows participating in the activities of the Society and voting at business meetings. No membership fee is payable. Application for membership may be made by an E-mail letter to Dr Spittle, E-mail: spittle@es.co.nz, including name, postal address, E-mail address, and the area of fluoride research the applicant is involved in.

Co-secretaries: Enquiries about ISFR Inc. membership, ISFR Inc. conferences and meetings, and other matters under their jurisdiction may be made to the co-secretaries:

Professor Dariusz Chlubek. Department of Biochemistry and Chemistry, Pomeranian Medical University, al. Powstancow Wlkp. 72, 70-111 Szczecin, Poland. E-mail: dclubek@sci.pum.edu.pl

Associate Professor Masashi Tsunoda. Department of Preventive Medicine and Public Health, Kitasato University School of Medicine, Kitasato 1-15-1, Sagamihara, Kanagawa, 228-8555, Japan. E-mail: mtsunoda@med.kitasato-u.ac.jp
